WHAT OUR DINERS HAVE TO SAY

“What I love most and my favorite thing coming here is celebrating holidays. Before I was a participating member of this community, the holidays were not the day I used to look forward for. I used to be always down and emotional as I live alone. Because of this program, now we celebrate holidays together thanking our almighty for getting us to that day, dancing and having fun. I love this program.” — A participant with East-African Elders Program
